STATISTICAL REPORT  
of the  
Standards Division  
Department of Trade and Commerce

TABLE of CONTENTS

	<u>Page</u>
Introduction	1
Appendix A - Statement of Expenditures and Revenues - Electricity and Gas Inspection Acts	3
Appendix B - Statement of Electric Meters Tested	4
Appendix C - Statement of Gas Meters Tested	6
Appendix D - Register of Manufactured Gas Companies and Gas Tests Made	7
Appendix E - Register of Companies supplying Acetylene, Oxygen and Propane	10
Appendix F - Register of Natural Gas Companies	11
Appendix G - Statement of Electrical Energy generated or produced for Export and for Consumption in Canada	20
Appendix H - Register of Electric Light and Power Companies by Provinces:	
Prince Edward Island	28
New Brunswick	30
Nova Scotia	32
Quebec	36
Ontario	42
Manitoba	58
Saskatchewan	60
Alberta	64
British Columbia	68
Yukon, & N.W.T.	72
Appendix I - List of Cities, Towns, Villages and Rural Areas Served with Electricity by Provinces:	
Prince Edward Island	73
New Brunswick	74
Nova Scotia	79
Quebec	85
Ontario	97
Manitoba	110
Saskatchewan	113
Alberta	117
British Columbia	121
Yukon, & N.W.T.	124
Appendix J - Statement of Electric Meters in Use by Provinces	125
Appendix K - Statement of Expenditures and Revenues, Weights and Measures Act	126

Appendix L	- Statement re Short Weight Inspections, Investigations, Seizures, Prosecutions and Warnings	127
Appendix M	- Statement of Weights and Weighing Machines submitted for Inspection	128
Appendix N	- Statement of Weights and Weighing Machines Verified and Passed	129
Appendix O	- Statement of Weights and Weighing Machines Rejected	130
Appendix P	- Statement of Measures and Measuring Devices Submitted for Inspection	131
Appendix Q	- Statement of Measures and Measuring Devices Verified and Passed	132
Appendix R	- Statement of Measures and Measuring Devices Rejected	133

## DEPARTMENT OF TRADE AND COMMERCE

## STATISTICAL REPORT

Fiscal Year Ending March 31, 1948.

-----

The Standards Division of the Department of Trade and Commerce was established in the latter part of the fiscal year 1946-47. It provided for the consolidation of several inspection services and for the administration, under one Director, of the Electricity Inspection Act, the Gas Inspection Act, the Electricity and Fluid Exportation Act, the Precious Metals Marking Act, and the Weights and Measures Act. Certain functions in the field of commodity standards were also transferred to the Division from the Dominion Trade and Industry Commission.

The Electricity Inspection Act - The Gas Inspection Act  
The Electricity and Fluid Exportation Act

Responsibilities under the Electricity Inspection Act, the Gas Inspection Act, and the Electricity and Fluid Exportation Act comprise the administration of regulations governing the types of electricity meters and gas meters used for billing purposes; the inspection, testing and sealing at six-year intervals of such meters whether in commercial, industrial and domestic premises in Canada; the periodic testing of the calorific power of gas sold for consumption and the administration of regulations governing the exportation of electrical energy and of fluids conveyed by pipeline.

For the administration of the first two Acts, twenty District Offices are maintained, with a total field staff of 137. A total of 805,394 electricity and gas meters were tested in the year ended March 31st, 1948, as compared with 628,148 in the preceding year. The total revenue derived from the testing of these meters was \$555,222.25, as compared with \$431,467.00 in the preceding year. The total expenditure for the operations carried on under the Electricity and Gas Inspection Acts was \$402,021.23 as compared with an expenditure of \$333,998.09 in the preceding year. The amounts required to cover rent of office and laboratory space, replacements and repairs to furniture, and fuel for heating are not included in the above. For further details on revenue and expenditure by districts, see Appendix "A".

The following table shows the estimated number of electricity and gas meters in use for the years ended March 31, 1938 to 1948:

Calendar Year	Electricity Meters	G A S M E T E R S					Total Meters
		Manufactured	Natural	Acetylene	Petroleum Gas	Total	
1938	1,905,692	510,261	174,355	3	1,268	685,887	2,591,579
1939	1,964,729	512,373	179,988	3	1,224	693,588	2,658,317
1940	2,037,563	514,170	185,499	3	1,184	700,856	2,738,419
1941	2,109,437	519,095	192,097	4	1,157	712,353	2,821,790
1942	2,181,945	524,669	197,781	4	1,196	723,650	2,905,595
1943	2,228,716	532,160	197,585	4	1,278	731,027	2,959,743
1944	2,268,500	540,240	201,522	4	1,392	743,158	3,011,658
1945	2,348,150	552,411	208,046	4	1,529	761,990	3,110,140
1946	2,459,672	550,949	215,330	4	1,651	767,934	3,227,606
1947	2,647,040	560,046	225,952	4	1,725	787,727	3,434,767
1948	2,746,685	587,629	217,068	3	1,046	805,746	3,552,431

The total exports of electrical energy during the fiscal year 1947-48 amounted to 2,025,189,526 kilowatt-hours, as compared to 2,461,572,573 kilowatt-hours in the preceding year, a decrease of 436,383,047 kilowatt-hours. For details see Appendix G.

There is an export duty of 0.03 cent per kilowatt-hour on electrical energy exported. The amount of export duty collected during the fiscal year 1947-48, together with the licence fees, was \$471,351.00 compared with \$598,750.98 in the preceding year. Licence fees paid for 1947-48 were \$675.00 compared with \$725.00 in the preceding year.

The expenditure in connection with the electrical energy exportation control was \$282.15 compared with \$322.73 in the preceding year.

One small licence to export surplus natural gas was granted and under this licence 4,061,250 cubic feet were exported compared with 4,050,000 cubic feet in 1946-47.

### Standards Laboratory

The periodic calibration and checking of the standards supplied to the inspection staff throughout Canada, and kindred work for industrial and commercial organizations, is done in the principal Standards Laboratory at Ottawa and in the two regional Standards Laboratories maintained at Winnipeg and Vancouver. During the past two years a modernization programme has been undertaken of the equipment at Ottawa and the laboratory's facilities will soon, it is hoped, permit it to meet more adequately any demands, either from industry or the district offices.

#### Number of Reports issued:

Weights and Measures Act.....	309
Electricity Inspection Act.....	415
Gas Inspection Act.....	2
Trade and Industry Commission Act.....	9
Dairy Industry Act (pieces of glassware tested).....	61,621

### The Precious Metals Marking Act

Responsibilities under the Precious Metals Marking Act comprise the inspection of manufactured or imported articles composed of gold, silver or platinum and of articles which are gold-plated, silver-plated and platinum-plated; the assaying of such articles to determine their compliance with legal requirements, and that the quality marks inscribed thereon truly and correctly indicate the fineness of the metal employed in their manufacture. A field staff of 4 is employed under this Act. The number of inspections made was 6,640. A total of 182 National Mark Licenses are now in force. The number of newspaper advertisements read and checked for violations of the Act was 7,417.

### The Dominion Trade and Industry Commission Act, 1935

Under the Dominion Trade and Industry Commission Act, the Division is responsible for the development of specifications applicable to the use of the Trade Mark "Canada Standard" as an optional mark of quality and for the drafting, when required, of regulations having mandatory status. Activities under this Act were confined largely to preparatory work.

### The Weights & Measures Act

Responsibilities under the Weights and Measures Act comprise the administration of regulations governing weighing or measuring devices used for trade purposes, the periodic inspection of such devices and the surveillance of goods sold by weight or measure. For details see Appendix K.

The total revenue derived from the inspection activities was \$476,926.10 as compared with \$453,482.35 in the preceding year. The total cost of salaries and expenses under the Act was \$500,262.26 as compared with \$454,702.46 in the preceding year.
